ISO 9001:2015, ISO 13485:2016 and CE

Bandages & Surgical Dressings

ISO 9001:2015, ISO 13485:2016, GMP & CE

ABOUT US

Medilivescare Manufacturing Private Limited is a prominent company serving medical professionals, hospitals and laboratories around the world with high-quality cost-effective products. The company draws its strength from skilled and trained staff to achieve the goal of customer satisfaction in every business deal. In our perspective immediate response, providing offers on time & honouring committed delivery time are essential elements along with ensuring quality of products and Medilivescare Manufacturing is always obligated to it & made them part of operating procedure.

Our Business

Medilivescare manufactures and exports Disposable Medical Devices, Hospital Uniforms and Safety Wears & Medical Bandages and Surgical Dressings to various African, Middle East, European and Asian Countries directly and through distributors / agents. The company operates on internationally certified manufacturing, Quality Control and R&D facilities. Medilivescare's team is qualified professionals who work in synchronization with the changing demand and schedules of the customers and strive for excellence. Day or night – we deliver on our promise around the clock. We are always thankful to our customers, who have supported us to become a trusted and prominent name in the healthcare industry.

Our Team

Our team is well trained to make the transactions smooth and the policies are flexible & customer friendly. We believe in making relations. We always respect the feedbacks / suggestions from our customers and this is one of the major factors that has helped the company to achieve the expected growth in the industry. We focus on quality with no compromise while making all efforts to supply the products at economical rates and that is the major highlight why Medilivescare Manufacturing has become a name that is indispensable for the customers looking for a reliable manufacturer and supplier of Disposable Medical Devices, Hospital Uniforms and Safety Wears & Medical Bandages and Surgical Dressings. The company strictly follow the norms of ISO 9001:2015 quality management system. Medilivescare Manufacturing has also achieved ISO 13485:2016, GMP & CE certifications.

Our Expertise Includes

We can also handle Medical Supply and Medical kit projects in addition to the above

Bandages

Product Name : IV Cannula Fixator
Product Code : BSD-0038-0002

Specifications

Elastic Adhesive IV Cannula Fixator is shaped well to give a perfect grip over the I.V. Cannula during hospitalization.

Good aesthetic appeal due to woven fast edges.

Moisture-responsive High Moisture Vapor Transmission rate Film.

Low allergy grid pattern adhesive.

Porous adhesive to allow skin breathing.

Easy and Painless remove, because of thin-non adhesive edges and leaves no residue after removal.

The IV Cannula fixator fastens the tube firmly to the skin, whilst the pad covers the point of injection. The dressing allows air and humidity to pass freely.

The Material used does not irritate the skin and no traces of the adhesive remain on the skin after removal.

Bandages

Product Name : Cotton Elastic Bandage

Product Code : BSD-0060-0002

Specifications

Cotton Crepe Bandage B.P.
Cotton crepe bandages with fast edges.
Distinct crepe characteristic through non-elastic 100% cotton warp threads.
The special Z & S knitting provides 100% extensibility.
Bandages can be washed in warm water to restore elasticity, making them reusable.
The flexibility of muscles and joints is not hindered.
It allows the skin to breathe normally.
Better elasticity, controlled, uniform, and smooth pressure.
Metal clips are specially designed to provide firm support.
Ideal for pressure dressings and skin grafts.
This can be used for sprains, aches, dislocations, painful joints, veins, cramps, and injuries to the skin.
Very useful as a light compression bandage for muscular support.
Colour : Flesh colour
With or without centre line.

Available sizes:

5 cm x 4 mtrs.	6 cm x 4 mtrs.
6 cm x 5 mtrs.	7.5 cm x 4 mtrs.
8 cm x 4 mtrs.	10 cm x 4 mtrs.
12 cm x 4 mtrs.	15 cm x 4 mtrs.

Stretched Length.

Customized sizes are also available against specific requests. MOQ will be applicable.

Bandages

Product Name : Cotton Elastic Crepe Bandage
Product Code : BSD-0060-0003

Specifications

Application / Usage :

Used for permanent elastic support and relief crepe bandages are used for support, relief, fixation.
Used as compression and pressure bandage for varicose veins, Lymphoedema, venous thrombosis.
Post treatment for fractures, strains, sprains, pain full joints.
Orthopaedic support for rehabilitation, partial immobilization sports injuries and dislocation.

Product Characteristics and Material Composition:

Air permeable.
Very skinfriendly.
Very easy to cut.
Economical, washable and reusable.
Non slipping.
Flexible and light weight.
Cotton, Polyamide and spandex yarn, plain weave.
Edges: Nonfraying feather edges.
Retains elasticity and provides excellent compression even prolonged use and washing.

Product Features:

Extensibility: >100%.
Width of bandage: 6 cm, 8 cm, 10 cm and 15 cm.
Weight per sq. mtr. stretched (GSM): approximately. 150g/ sq. mtr.

Expiry/ Shelf Life: 5 Years.

Sizes:

Width x length (stretched)
6 cm x 3m/ 4 m/ 4.5m.
8 cm x 3m/4 m/ 4.5 m.
10 cm x 3m/ 4 m/4.5m.
15 cm x 3m/ 4 m/ 4.5m.

Bandages

Product Name : Plaster of Paris Bandage

Product Code : BSD-0042-0002

Specifications

Plaster of Paris Bandage B.P. is made from specially woven Leno Gauze evenly impregnated with the finest quality Plaster of Paris Powder that produces an even cast and excellent finish.

Leno weave fabric coated with POP mass which is more sticky & adheres to cloth more. Therefore less powder loss even when dipped in water.

The more sticky powder - adheres to the layers more with each other & makes all layers in one & this one-layered cast has more than double the strength.

Features :

Short immersion time.

Extra creamy, the cream is thicker.

Quick Setting Time (3 to 5 Minutes)

Quick Saturation (3 to 5 Seconds)

Easy to mould with minimum powder loss

Lightweight cast with maximum strength

Perfect homogeneity leads to smooth texture

Load bearing capacity : Partial load after 30 minutes Full Load after 24 to 48 hours

Moisture-proof packaging

Extra Strong.

Available sizes:

7.5 cm x 2.7m	10 cm x 2.7m
15 cm x 2.7m	20 cm x 2.7m

Bandages

Product Name : Polyurethane Casting Bandage

Product Code : BSD-0046-0002

Specifications

Polyester Polyurethane Synthetic Casting Tape
(Synthetic Casting Tape / PU Bandage)

Moisture-resistant, pliable, and comfortable to wear.

Lightweight but strong provides an excellent strength-to-weight ratio.

Air permeability - allows evaporation of moisture from the skin.

Excellent X-Ray transparency.

Short application time.

Available in Blue, Red, Pink, Green, Purple & White.

Available sizes:

5 cm x 3.6 m	7.5 cm x 3.6 m
10 cm x 3.6 m	12 cm x 3.6 m

Bandages

Product Name : Bandage Orthopaedic Cast Padding

Product Code : BSD-0045-0002

Specifications

Orthopaedic Cast Padding is made from natural or synthetic nonwoven fabrics with no added optical whitening agents protect the skin and prevent swelling.

Nonwoven cast padding made from viscose fibres brings comfort to the patient while plastered. Cast padding prevents sores and irritation caused by pressure points inside the cast.

It conforms well to any contour and keeps the skin comfortable and dry. A cast padding can also be used as a leg roll, a long sponge, etc.

The cast padding provides excellent skin tolerance.

The chances of pressure sores occurring in your body are reduced.

Padding allows the skin to breathe normally.

It absorbs sweat and exudates.

Cast padding is permeable to air, preventing skin irritation and maceration.

Sizes:

5 cm x 3 m	7.5 cm x 3 m
10 cm x 3 m	15 cm x 3 m

Customized sizes can be supplied. MOQ will be applicable.

Bandages

Product Name : Medicated Adhesive Dressing Bandage

Product Code : BSD-0103-0066

Specifications

It consists of a medicated pad placed at the center of a self-adhesive backing substrate (usually cloth or plastic) of different shapes and sizes.

The application :

Providing first aid protection against superficial injuries, minor cuts, and bruises. Dressing absorbs light secretions and exudates.

These features include :

Pads are impregnated with Benzalkonium Chloride solution I.P. (equivalent to 0.5% w/w) and permitted food-grade dye. Nonadhesive film is laminated over the pad

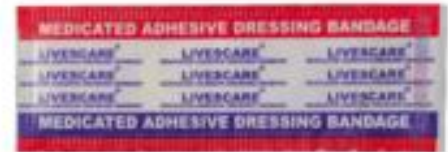

In order to facilitate better breathing, perforations are provided in the material.

A good adhesive property provides instant film adhesion.

Skin Tolerance : This adhesive recipe is specifically formulated to cause the least irritation to the skin.

The amount of active ingredients (Benzalkonium Chloride) and performance of adhesive backing is uniformly maintained at desired levels throughout the shelf life.

Available sizes:	
Strip size:	19 mm x 70 mm
Spot size:	25 mm dia round
Square size:	37 mm x 37 mm

Bandages

Product Name : Conforming Bandage
Product Code : BSD-0096-0066

Specifications

5 × 7.5 cm	6 × 7 cm
7.5 × 7.5 cm	6 × 10 cm
10 × 10 cm	10 × 15 cm
10 × 20 cm	10 × 25 cm
10 × 30 cm	

Bandages

Product Name : Wound Dressing Bandage

Product Code : BSD-0094-0066

Specifications

Wound Dressing Bandage.
Nonwoven Adhesive Dressing With Pad
(Sterile Wound Dressing).
Non-Woven wound dressing bandage is made of non-woven coated with special medical acrylic adhesive as a substrate. The absorbent pad of cotton fiber has good moisture permeability, air permeability, and good absorbent effect and is non-adhesive to the wound.
Applied for incision after care, post-operation.
Color : White
Material : Non Woven Sterile.

Product Name : Emergency Bandage
Product Code : BSD-0095-0066

Specifications

Compression Bandage Prevent Bleeding and Safeguarding human lives in an emergency situation before medical care is available.
Emergency Bandage is the first-aid device for the staunching of blood flow from traumatic hemorrhage wounds in pre-hospital emergency situations.
This Emergency Bandage consolidates multiple first-aid combinations such as a primary dressing, pressure applicator, secondary dressing, and easy to secure the bandage in place.
Application : Major Injury Dressing.

Bandages

Product Name : Capsicum Plaster
Product Code : BSD-0098-0066

Specifications

Capsicum Adhesive Heat Plaster
Plaster containing Capsicum Oleoresin which gives relief from muscular pain by giving a sensation of warmth. The plaster is evenly perforated & the adhesive surface is protected with silicon-based release paper.

Application:

Capsicum Plaster is used as a counter-irritant to produce heat on undamaged skin. It is used in the treatment of rheumatic conditions, muscular pain, joint pain, backache, arthritis, strains, menstrual cramps, etc. With a non-messy application, it can be easily used under clothes.

Features:

**Provides relief from pain by
producing heat in the treatment of :**

Backaches
Swelling of Nerves
Stiffness of Muscles
Swollen Joints

Size : 17cm X 11cm.

Adhesive Tape

Product Name : Adhesive Tape

Product Code : BSD-0002-0002

Specifications

Zinc-oxide Adhesive Tape.

A suitable cloth of cotton or rayon or both is mixed with self-adhesive mass containing zinc oxide and spread evenly. With non-toxic dyes, the cloth is finished with a good white or flesh (skin) colour.

These features include :

Suitable for all skin types and climates

It is easy to unwind and use.

Skin-friendly adhesive with minimum irritation potential

It is not recommended for skin types that are allergic to natural rubber.

Adhesion is strong. To secure dressing materials to the skin.

Painless and easily removable.

Available sizes:	
1.25 x 1 mtr.	2.5 cm x 1mtr.
1.25 x 5 mtrs.	2.5cm x 5 mtrs.
5cm x 5 mtrs.	7.5cm x 5mtrs.
10cm x 5 mtrs.	10cm x 10 mtrs.
2.5cm x 8 mtrs.	5cm x 8 mtrs.
7.5cm x 8 mtrs.	10cm x 8 mtrs.
2.5cm x 9 mtrs.	5cm x 9 mtrs.
7.5cm x 9 mtrs.	10cm x 9 mtrs.
2.5cm x 10 mtrs.	5cm x 10 mtrs.
7.5cm x 10 mtrs.	10cm x 10 mtrs.

Adhesive Tape

Product Name : Microporous Surgical Tape

Product Code : BSD-0047-0002

Specifications

It is made up of non-woven fabric, which expands with pressure and contains a delicate self-adhesive mass with microporous properties that allow the skin to breathe, and hypoallergenic adhesive that ensures its excellent adhesion, safe use, easy removal, and high tearing strength.

Features :

Used for fixing dressings, tubing, osteotomy pouches, etc.

Made from microporous acrylic non-woven fabric.

Adhesive that is hypoallergenic, non-toxic, and does not irritate the skin.

It is easy to peel off without causing discomfort or irritation to the skin.

High porosity allows the skin to breathe, and high resistance to water and vapor keeps the tape from peeling.

Suitable on the sensitive bodies, for infants and adults.

Manufactured as per British Pharmacopeia (BP) guidelines.

Highly Breathable.

Water Resistant.

Hypoallergenic.

Adhesive Tape

Product Name : Perforated Transparent Surgical Tape

Product Code : BSD-0106-0066

Specifications

A perforated plastic film is spread evenly on a polymeric adhesive mass to form a breathable, permeable, surgical synthetic adhesive tape. Equally spaced perforations are present. Tape is supplied in rolls. Suitable for securing bulky dressings and devices such as catheters and IV tubings. An easy-to-breathe porous surface. The perforation allows easy tearing in both directions. Ensures easy monitoring of skin under the tape by being transparent.

Available sizes:

1.25cm x 9.1m	2.5cm x 9.1m
5cm x 9.1m	

Product Name : Adhesive Plaster with Dispenser

Product Code : BSD-0017-0020

Specifications

Non-woven adhesive tape with dispenser. White colour.
Sizes : 5cm x 9 mtr., 6cm x 9 mtr. etc.

Surgical Dressings

Product Name : Combine Dressing Pad

Product Code : BSD-0056-0002

Specifications

The pad is made of absorbent cotton and overwrapped in an absorbent material. A combined dressing pad is used where high absorbency is needed to handle heavy drainage, promote healing, and keep wounds dry. Highly absorbent cotton is used to manufacture these wound care dressings. Liquid diffuses throughout the combined pad due to the nonwoven facing & highly absorbent cotton filler with rayon fibers. A hydrophobic backing prevents strikethrough.

Colour : White.

ETO / Gamma Sterile.

Available sizes :

- 5 cm X 5cm.
- 7/8cm X 5cm.
- 10 cm X 10 cm
- 10cm X 15 cm.
- 10 cm X 20 cm

Surgical Dressings

Product Name : Gamjee Pad
Product Code : BSD-0061-0002

Specifications

Gamjee Pad / Absorbent Dressing Pad.

Material : Absorbent Cotton Wool covered with Absorbent Gauze Cloth.

Highly absorbent, single-use and disposable

Available as Sterile and Non-Sterile.

Colour : White.

Sizes available :

5cm x 5cm
10cm x 10cm
10cm x 20cm
10cm x 30cm
15cm x 20cm
15cm x 30cm.
20cm x 20cm.
20cm x 30cm.

Customized sizes are also available.

Product Name : Gauze Swab
Product Code : BSD-0089-0066

Specifications

Made of 100% cotton. Bleaching is done by Hydrogen peroxide & de-mineralized water. All swabs are with folded edges - therefore No loose threads.

Available with or without an X-Ray detectable line.

Available in Quality B.P. Type 13 & B.P. Type 17.

Sizes available :

5 x 5cm (4 / 8 / 12 ply)

7.5 x 7.5cm (4 / 8 / 12 ply)

10 x 10 cm (4 / 8 / 12 ply)

10 x 20cm ((4 / 8 / 12 ply)

Available in 1, 2, 4, 5 & 10 pcs packing and Sterile / Non-sterile as per customer / project requirements.

Also, available in 100 pcs. packing as non-sterile.

Surgical Dressings

Product Name : Lap Sponge

Product Code : BSD-0092-0066

Specifications

Made from pre-washed cotton gauge fabric and designed for maximum absorbency. Bleached by hydrogen peroxide and de mineralized water.

A loop or tail or tape is stitched at the corner for easy accessibility.

All four sides are properly stitched with two patterns.

Normal stitching and overlocking stitching.

The x-ray thread is crafted using 60% barium thread in blue/black colour.

The x-ray thread is fully integrated into the gauze fabric by weaving in.

Features:

Material : Made from 100% Cotton Gauze fabric. Highly Absorbent.

Colour : White.
